

NGÔ NGỌC VÂN

INTERN

OBJECTIVES

First of all I can apply my technical skills, gain practical experience and contribute to the development of innovative solutions. My goal is to improve my knowledge in various IT areas, such as software development and database management. Through this internship, I aim to strengthen my ability to solve problems, collaborate effectively in groups, and further develop my communication skills. Ultimately, I strive to be a skilled IT professional, equipped with both technical expertise and a deep understanding of business needs, and aspire to be a part of the Company's growth.
